SONIC

PAGE 1

Instructions:

1. Carefully read all instructions before you begin.

2. With an adult's help carefully cut out the shapes on each page. (This page has 3 shapes, the second page has 3.)

3. Have an adult carefully cut the white lines that are labelled with a letter of the alphabet into slits. The black tabs will be inserted into the corresponding slit so no glue or tape should be needed.

4. Carefully fold each of the shapes along the black lines. The legs should be folded into 4 parts. The body should be folded into 5 parts including the bottom. The head should be folded into 6 parts. The arms should be folded into 6 parts.

5. Connect the labelled tabs with the corresponding labelled slit, starting with A and working in alphabetical order all the way to Z.
